## NEEDLEPOINT & PETIT POINT

### *Division 106 – Adult*

Needlepoint is described as any counted or free stitchery worked by hand with a threaded needle on a readily countable ground.

**ORIGINAL:** A unique, one-of-a-kind. The design should bear no recognizable influence from any other textile sources. Any stitch that can be accomplished with a threaded, handheld needle may be used in the interpretation of the design.

**ADAPTATION:** A design translated or adapted from a design source created in a medium other than textiles. The adaptation may be an exact visual needlepoint reproduction of the original design or may contain easily recognizable elements from that design. Any stitch that can be accomplished with a threaded, handheld needle may be used in the interpretation of the design.

**INDEPENDENT PROJECT:** A design worked without person-to-person interaction, without a teacher in a physical classroom environment, for example, needlepoint book, graph chart, leaflet, line drawing, or kit. There should be no commercial painting on the ground fabric.

**PAINTED DESIGN WITHOUT STITCH GUIDE:** A needlepoint worked on a pre-painted or stamped canvas or on a canvas designed for the exhibitor. The choice of stitches, thread, and color are those of the exhibitor with no teacher interaction.

**PAINTED DESIGN WITH STITCH GUIDE:** A needlepoint worked on a pre-painted or stamped canvas or on a canvas designed for the exhibitor. It is accompanied by written instructions or suggestions for stitches, threads, and/or colors (i.e. stitch guide) with no teacher interaction. This includes needlepoint kits.

**CLASS PROJECT:** A needlepoint worked with person-to-person interaction between the student and the teacher. This includes painted canvas embellishment classes in which the instructor provides stitch and thread suggestions.
